Sabbatical

Six years ago I began my practice as an animal communicator and healing arts practitioner. Thanks to all of you and your trust in me, the practice has continued to grow each year. I am very appreciative and grateful to all of you for giving me the opportunity to work with you and your animal families.

As you might imagine, there is much more to running a practice than doing consultations. Due to my now heavy consultation schedule and only one of me, there has been little time for me to take care of the nuts and bolts of the practice and even less time for me to further develop my own skills and re-energize my body and spirit. Also, over the last year, I have experienced some health issues that now need my attention. I need some time to catch up with the needs of the practice and some time for my own healing.

Therefore, I have decided to take approximately a 3 month sabbatical from my consultation work and teaching. During this time, I will be working on ways to improve and expand my services and do some much needed re-organizing. This will be a creative time and a healing time for me.

In the meantime, I have made arrangements with an excellent animal communicator, Latifa Meena, to take care of your needs. Her phone number is 502-641-4119 and her website address is www.animalscantalk.com. When you contact her, please identify yourself as one of my clients. Please note that Latifa only does animal communication consultations. If you have any questions regarding finding another healing arts practitioner please contact me for information. You can also find a directory of animal communicators at www.animaltalk.net. Many people on this list also provide healing services.

During my sabbatical, I will keep you posted on the exciting new things I am working on via the newsletter. As always, I welcome your comments and suggestions. Your input allows me to develop services that will better meet your needs. Please email or call me during this time period if you have any questions.

I am looking forward to working with you again—with renewed energy and improved services.

Thank you for your continued understanding and support.

Karin
